# Be Part of the First TNE Conference in Mauritius

In an increasingly interconnected world, Transnational Education (TNE) has emerged as a key enabler of access to quality education, global talent development, and sustainable international partnerships. This landmark event is the first of its kind in Mauritius and promises to be a unique platform where academics, policymakers, researchers, and industry leaders will come together to share experiences, explore best practices, and reflect on how TNE can contribute to innovation ecosystems, skills development, and research collaboration. This conference is expected to promote Mauritius as an education hub linking Africa and Asia.

Through keynote speeches, panel discussions, and interactive workshops, the conference will address pressing issues such as:

- **Global Partnerships and Leveraging of International Education Hubs**
- **Global Impact**
- **Quality Assurance and Regulation**

## Date and Venue

**25-26 MARCH 2026**

Hilton Mauritius Resort & Spa, Flic en Flac
